## **Integrate the Internet Across the Content Areas** Lynn Van Gorp, M.S.

Bring your classroom into the 21st century using the Internet! Useful strategies, an annotated list of teacher-tested websites, and easy-to-follow lesson plans for all content areas make this resource a perfect guide for integrating the Internet into the curriculum. Student activities, student research suggestions, and 24 model lessons that clearly demonstrate how to effectively use websites are provided along with information on teacher and student resource sites. The open-ended activities help students develop thinking skills and learn to search the Web and evaluate websites. Topics covered include computer management, differentiation, safety issues, searching the Internet, copyright guidelines, and more. The Teacher Resource CD provided includes reproducible teacher resource materials. 296pp.
