**The giantess sorceress has you under her spell**

The 1888 seduction by a Scottish Sorceress (female on female)

The year was 1888 and I had been widowed for almost a year now, and I wanted nothing more than to visit my cousin's castle in the Highlands of Scotland for their annual Harvest Ball. I had never been able to attend before because I always belonged to someone, my parents or my husband. Now I was in charge of myself and I was anxious to experience the enchantment of the foggy moors. However, I was not expecting that real enchantment would find me. Her name was Amalfea and she revealed to me that she was a sorceress. Not only was she magical, but she also liked to use me as her pleasure toy, something that I came to long for. I had never been with a woman before, and the things that she showed me were beyond lust, it was magic. Still, there was something she was hiding from me. Was she a good sorceress, or a dark one with a secret motive to seducing me?
