The Loss of the SS. Titanic Lawrence Beesley

The sinking of the Titanic has captured the imagination of the public like no other tragedy of the modern age. Lawrence Beesley's eyewitness account of the disastrous voyage stands as one of the most carefully written and authoritative books on the subject, despite the fact that it was published only months after the event. Beesley was uniquely qualified to write this book, having himself been a second class passenger aboard the SS Titanic. He gives a detailed description of his personal experiences aboard the doomed luxury liner, setting the record straight on many topics, as well as presenting the event from a variety of other perspectives. Rich in both narrative detail and compassion, The Loss of the SS Titanic should be the first port of call for anyone interested in the famous ship.
