Apollodorus' Library and Hyginus' Fabulae: Two Handbooks of Greek Mythology (Hackett Classics)

Apollodorus, Hyginus

By offering, for the first time in a single edition, complete English translations of Apollodorus' *Library* and Hyginus' *Fabulae*--the two most important surviving "handbooks" of classical mythography--this volume enables readers to compare the two's versions of the most important Greek and Roman myths. A General Introduction sets the *Library* and *Fabulae* into the wider context of ancient mythography; introductions to each text discuss in greater detail issues of authorship, aim, and influence. A general index, an index of people and geographic locations, and an index of authors and works cited by the mythographers are also included.
