By William Golding Lord of the Flies (Unabridged)

William Golding's classic novel of primitive savagery and survival is one of the most vividly realized and riveting works in modern fiction. The tale begins after a plane wreck deposits a group of English school boys, aged six to twelve on an isolated tropical island. Their struggle to survive and impose order quickly evolves from a battle against nature into a battle against their own primitive instincts. Golding's portrayal of the collapse of social order into chaos draws the fine line between innocence and savagery.
