MathART Projects and Activities (Grades 3-5) Carolyn Ford Brunetto

In this unique book, you'll find dozens of creative projects that make a natural connection between math and art. Students make "stained glass windows" to explore geometry, create a "multiplication house" to reinforce basic multiplication facts, design "fraction flags" and make "place value" snakes! Plus: projects involving number sense, measurement, patterns, symmetry, statistics, and more. Includes easy step-by-step directions. Geared to the NCTM standards. For use with Grades 3-5.
