National Geographic Concise History of World Religions: An Illustrated Time Line National Geographic

The Concise History of World Religions continues the Concise History series with an authoritative and comprehensive take on major religions and lesser-known faiths of all times and nations. No other text combines the illustrations expertise of National Geographic with the historical focus on faiths—large and small—across the world. Up-to-date scholarship offers a unique global perspective on the history of faith in the Americas, Europe, Asia and Oceania, and Africa and the Middle East. This is religion presented as history, in the objective manner in which the National Geographic Society excels. Lavish illustrations illuminate the faithful, their houses of worship, and the articles and artifacts of faith. From the great cathedrals to the colorful robes of Buddhist monks to horrors of the Spanish inquisition to the astonishingly intricate paintings of the Hindu gods, the illustrations tell as much of the story as the text.

There is nothing else quite like National Geographic's special Concise History series: the time line format combines geography, chronology, and subject area in one complete, but easy-to-understand grid. The 80 timelines with their more than 3,500 entries, plus short articles and feature spreads make it the perfect quick-dip reference; 110 sidebars amplify the illustrated time lines and highlight monuments of faith, words of religious transcendence, and lives of piety and sacrifice; 50 feature essays explore in detail the origins, development and influence of faith; 325 images document all aspects of the religious experience, from architecture and icons to exemplary individuals and acts of devotion; and quotes throughout chapters are drawn from prayers and sermons that embody the religious attitudes of each era.

The Concise History of World Religions is a fantastic journey with National Geographic, following the rise and fall of faiths across centuries and around the world. It's a book as beautiful as it is useful, as authoritative as it is entertaining. A book to buy, to give, to treasure.
