Terasaki Hidenari, Pearl Harbor, and Occupied Japan: A Bridge to Reality

Roger B. Jeans

Terasaki Hidenari, Pearl Harbor, and Occupied Japan: A Bridge to Reality Roger B. Jeans
Gwen Terasaki's *Bridge to the Sun*, an idealized memoir of her marriage in the 1930s and 1940s to a Japanese diplomat, Terasaki Hidenari, is still widely read as an inspiring tale of a 'bridge' between two cultures that waged savage war against each other from 1941 to 1945. However, neither this memoir nor charges that Terasaki was a master spy and a double agent are the whole historical truth. In *Terasaki Hidenari, Pearl Harbor, and Occupied Japan*, Roger B. Jeans reassesses Terasaki Hidenari's story, using the FBI's voluminous dossier on Terasaki, decoded Japanese Foreign Ministry cables (MAGIC), and the papers of an isolationist, a pacifist, and an FBI agent and chief investigator at the Tokyo war crimes trial. Jeans reveals that far from being simply a saint or villain, Terasaki, despite his opposition to an American-Japanese war, served as a Foreign Ministry intelligence officer, propaganda chief, and liaison with American isolationists and pacifists in 1941, while using all means to protect Hirohito during the postwar occupation.
