The Oxford History of Western Art

The Oxford History of Western Art

The Oxford History of Western Art is an innovative and challenging reappraisal of how the history of art can be presented and understood. Through a carefully devised modular structure, readers are given insights not only into how and why works of art were created, but also how works in different media relate to each other across time. Here--uniquely--is not the simple, linear "story" of art, but a rich series of stories, told from varying viewpoints.

Carefully selected groupings of pictures give readers a sense of the visual "texture" of the various periods and episodes covered. The 167 illustration groups, supported by explanatory text and picture captions, create a sequence of "visual tours"--not merely a procession of individually "great" works viewed in isolation, but juxtapositions of significant images that powerfully convey a sense of the visual environments in which works of art need to be viewed in order to be understood and appreciated. The aim throughout is to make the shape and nature of these visual presentations a stimulating and rewarding experience, allowing readers to become active participants in the process of interpretation and synthesis.

Another key feature of the narrative is the re-definition of traditional period boundaries. Rather than relying on conventional labels such as Medieval, Renaissance, and Baroque, the book establishes five major phases of significant historical change that unlock longer and more meaningful continuities. This new framework shows how the major religious and secular functions of art have been forged, sustained, transformed, revived, and revolutionized over the ages; how the institutions of Church and State have consistently aspired to make art in their own image; and how the rise of art history itself has come to provide the dominant conceptual framework within which artists create, patrons patronize, collectors collect, galleries exhibit, dealers deal, and art historians write.

Though the coverage of topics focuses on European notions of art and their transplantation and transformation in North America, space is also given to cross-fertilizations with other traditions---including the art of Latin America, the Soviet Union, India, Africa (and Afro-Caribbean), Australia, and Canada. Written by a team of 50 specialist authors working under the direction of renowned art historian Martin Kemp, *The Oxford History of Western Art* is a vibrant, vigorous, and revolutionary account of Western art serving both as an inspirational introduction for the general reader and an authoritative source of reference and guidance for students.

From reader reviews:

Diane Adams:

Book is usually written, printed, or created for everything. You can know everything you want by a publication. Book has a different type. To be sure that book is important thing to bring us around the world. Close to that you can your reading expertise was fluently. A guide The Oxford History of Western Art will make you to become smarter. You can feel a lot more confidence if you can know about every thing. But some of you think in which open or reading any book make you bored. It is far from make you fun. Why they can be thought like that? Have you trying to find best book or appropriate book with you?

Theodore Pritchard:

In this era globalization it is important to someone to get information. The information will make you to definitely understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of references to get information example: internet, magazine, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. The particular book that recommended for you is The Oxford History of Western Art this reserve consist a lot of the information of the condition of this world now. This specific book was represented just how can the world has grown up. The vocabulary styles that writer value to explain it is easy to understand. The actual writer made some research when he makes this book. Honestly, that is why this book suited all of you.

Daryl Glover:

That publication can make you to feel relax. This kind of book The Oxford History of Western Art was colourful and of course has pictures on the website. As we know that book The Oxford History of Western Art has many kinds or genre. Start from kids until teens. For example Naruto or Detective Conan you can read and think you are the character on there. Therefore , not at all of book are make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book for you and try to like reading that.

Jeffrey Diaz:

As a pupil exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's heart or real their pastime. They just do what the educator want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this The Oxford History of Western Art can make you sense more interested to read.
