Secrets & Spiritual Darkness

“What’s so wrong with Freemasonry? I always thought they helped people and used fundraisers to support worthy causes and charities.”

The Dark Secret of GAOTU is a powerful exposé about Freemasonry, revealing the spiritual darkness at the heart of a secretive society that presents itself as a model of tolerance, nobility, and spiritual illumination.

Invaluable to anyone investigating Freemasonry for themselves, the book is a potent combination of strong teaching, historical context, testimony, and practical aids to deliverance.

“We live in a society totally contaminated by Masons whose aim is to rule the world. It is amazing the thousands of people whose relatives or even pastors are or have been Masons. Unfortunately, most of the traditional evangelical pastors and bishops are already Masons. I touch this matter in the book with great mercy and light,” says author Ana Mendez Ferrell.

She provides a clear biblical counterpoint to highlight the folly of Freemasonry’s general principles as well as its essentially pagan origins, rites, and symbolism. She also imparts critical guidance and encouragement to anyone who is ready, by book’s end, to *break* the power of the many curses Freemasonry unleashes on the lives of the initiates and their descendants.
