Why Christianity: Did Jesus Exist?

Andrew Soyars

Why Christianity: Did Jesus Exist? Andrew Soyars Christianity for skeptics!

In today's world, we are offered many choices. Some of these choices are meaningless, while others may have a deeper, far-reaching effect. The question would seem to be, how can we know we're making the right choice?

One of the most debated topics in our world today is religion. No matter which religion you claim as yours, whether you follow Jesus Christ, Muhammad, Buddha, the Hindu religion, the New Age beliefs, paganism and witchcraft, or no religion at all, you have religious beliefs of some sort. Are you an atheist? Then that is your religious belief...that God doesn't exist...you live and then you die and life is over.

The pages that follow are not an attempt to try to "convert" you to a particular way of thinking or believing. Everyone has a right to his or her own personal choice, especially when it comes to religion. No one can choose the right path for another person any more than one person can breathe for another. It just doesn't work that way. We each have to make our own choices.

Nor are the following pages an attempt to "defend" my beliefs. I can assure you, that the God I follow is quite capable of defending Himself, when, where, how and to whom He chooses. He certainly doesn't need my paltry little effort...

What you will find, however, is an attempt to explain why I chose the faith that I have chosen. Quite naturally, you are more than free to agree or disagree. It's not about agreement. It's simply an examination of the case for Christianity from a mostly secular viewpoint.

Keeping in mind, the opposition that much of the world seems to have toward the Bible, the conclusions reached within these pages are based, as stated, largely on "secular" reasoning and logic! The sparse Bible verses referenced are used primarily to demonstrate Jewish practices of the time, as opposed to any theological reference.

This book examines some very basic questions to come to the conclusions presented within...

Questions such as:

- Did Jesus exist?
- Who is this Jesus?
- What is Christianity?
- Is Jesus real?
- Who is Jesus among other gods?

As you witness Christianity explored from the secular eye, it may become even more compelling to find that (at least for me) there is only logical choice...
