Callie Stephens **loves** bondage, dating all the way back to when she first received a pair of toy handcuffs that didn't actually end up being *toys* for her birthday. The feeling of helplessness against restraints of rope and steel and eventually leather coupled with the erotic anticipation as her sexuality shifted to the forefront - over time bondage quickly grew to be one of her favorite pastimes, despite it being such a private part of her life that she only shared with a lucky few ... *until now*.

These are but the first of Callie's stories, including her first self-bound hogtie only months before heading off to college, a special tribute to her leather fetish that features a delectable, custom-made sleepsack and a rather unexpected domme, as well as one of her more recent adventures involving a talented friend who designed and built a very special bondage predicament just especially for her.

Every passion has to start somewhere - *meet Callie and let her tell you why she loves bondage as she sets the stage for even more kinky tales soon to come...*
