To keep her, he'll have to gamble it all! Andrew Weston and Jill Walsh had to be the two most unlikely people to fall in love. When Jill's first husband's love for her simply fizzled and died, Jill knew she'd never trust that love could last again. After Andrew's first love betrayed him in the most brutal way possible, he knew he might fall in love again someday, but there was no way he'd ever make himself vulnerable again by confessing those feelings if he did. Fate had a different ending in mind for these two, though, and when Andrew discovers his love for Jill, he knows the only way to get her to stay with him forever is to offer her an iron clad penalty clause in a prenuptial agreement. He stays with her forever or he loses everything he owns. The millions he's worked for, his property, his cars, everything. Now he just needs to hope that's enough to hold onto Jill forever. Penalty Clause is book two in the Sutton Capital Series, but it can be read as a stand alone novel.
