## China: Air, Land, and Water

'China: Air, Land, and Water' is a further chapter in the successful and creative dialogue between the World Bank and the People's Republic of China. It focuses on how to promote both China's economic growth while protecting its environment. The objectives of this report include reassessing the environmental situation in China and using this analysis to plan a strategy for improving environmental quality in the years ahead. Includes a CD-ROM with full text plus additional background research and data.
