## **Paper: An Elegy** Ian Sansom

Paper by Ian Sansom, author of *The Bad Book Affair*, is a witty, personal, and entertaining meditation on the history and significance of paper.

From the bathroom to the boardroom, paper is essential. Birth certificates, money, books, cigarettes, passports, tea bags, shoeboxes, toilet tissue, prescriptions, menus—all are made from paper. Humans have been using paper and its products for nearly 2,000 years, from its invention in China to modern America, where the average citizen consumes approximately 750 pounds a year.

In his brilliant and original voice, Ian Sansom curates a history of paper, in all its forms and functions. Both an international cultural study and a series of personal reflections on the meaning of this essential product, *Paper* takes us through the panoply of human history.

This beautifully designed work, printed on high-gloss stock and beautifully packaged interweaves cultural facts, the author's own insights, anecdotes and black-and-white illustrations from around the world, from the ruminations of French Intellectuals to the Japanese art of Origami.
