To make the material more accessible, the book follows the progress of five students—Ben, Cameron, Corina, Lauren and Rosa—as they move through their own practicum experiences. Their real-life stories help spur discussion while allowing students to apply the knowledge, skills, and/or issues presented in the text. To further stimulate critical thinking and discussion, the text provides discussion questions and practice applications in each unit. Many of the applications were developed in conjunction with agency-based field instructors.
