Palliative and End-of-Life Care: Clinical Practice Guidelines, 2e Kim K. Kuebler MN RN ANP-CS, Debra E. Heidrich MSN RN CHPN AOCN, Peg Esper MSN RN CS AOCN

Palliative and End-of-Life Care, 2nd Edition provides clinicians with the guidelines and tools necessary to provide quality, evidenced-based care to patients with life-limiting illness. This text describes the care and management of patients with advanced disease throughout the disease trajectory, extending from diagnosis of advanced disease until death. Four units provide the general principles of palliative and end-of-life care, important concepts, advanced disease management, and clinical practice guidelines. Clinical practice guidelines offer in-depth discussions of the pathophysiology of 19 different symptoms, interventions for specific symptom management (including in-depth rationales), and suggestions for patient and family teaching.

- Defines dying as a normal, healthy process aided by the support of an interdisciplinary team.
- Provides in-depth pathophysiology, assessment, and intervention information based upon the disease trajectory.
- Highlights opportunities for patient and family teaching.
- Describes psychosocial issues experienced by patients and their families.
- Reviews uncomplicated and complicated grief and mourning, providing suggestions to help the family after a patient's death.
- Includes case studies at the end of chapters to reinforce key concepts of compassionate care.
- New chapters including Advance Care Planning, Ethical Issues, Spiritual Care Across Cultures, Pharmacology, Sleep, and Nutrition.
- Includes a new appendix on Assessment Tools and Resources for more comprehensive coverage of palliative and end-of-life care.

From reader reviews:

Phyllis Baudoin:

In other case, little folks like to read book Palliative and End-of-Life Care: Clinical Practice Guidelines, 2e. You can choose the best book if you'd prefer reading a book. Provided that we know about how is important a new book Palliative and End-of-Life Care: Clinical Practice Guidelines, 2e. You can add know-how and of course you can around the world by the book. Absolutely right, due to the fact from book you can know everything! From your country till foreign or abroad you will be known. About simple factor until wonderful thing it is possible to know that. In this era, we can open a book as well as searching by internet unit. It is called e-book. You may use it when you feel bored stiff to go to the library. Let's learn.

Phyllis Greenfield:

Nowadays reading books be than want or need but also become a life style. This reading behavior give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book this improve your knowledge and information. The data you get based on what kind of book you read, if you want get more knowledge just go with schooling books but if you want feel happy read one using theme for entertaining like comic or novel. The particular Palliative and End-of-Life Care: Clinical Practice Guidelines, 2e is kind of guide which is giving the reader unpredictable experience.

Heather Wade:

Why? Because this Palliative and End-of-Life Care: Clinical Practice Guidelines, 2e is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will distress you with the secret it inside. Reading this book adjacent to it was fantastic author who have write the book in such wonderful way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of advantages than the other book possess such as help improving your expertise and your critical thinking technique. So , still want to hesitate having that book? If I ended up you I will go to the guide store hurriedly.

Laura Ide:

As a student exactly feel bored to help reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's heart or real their pastime. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Palliative and End-of-Life Care: Clinical Practice Guidelines, 2e can make you really feel

more interested to read.
