Join Dora, Diego, and all their friends for an *excelente* study program geared to help young learners become masters of math!

The very successful *Math Made Easy* program guides children ages 5 to 11 through the basic foundation of math education. The Kindergarten series (ages 5 to 6) focuses on the number and shape objectives needed to prepare children for the formal study of math, while the First Grade workbooks (ages 6 to 7) provide practice on all the major topics for first grade with emphasis on addition and subtraction, and also include a review of kindergarten topics and a preview of what children will encounter in second grade.
