The Pride of all Europe: Manchester Uniteds Greatest Seasons in the European Cup Andrew J Kirby
Manchester United was the first English team to make the foray into the European Cup, participating in the tournament despite the express disapproval of the Football League. They were also the first English winners of the trophy. Over the years, United's European adventures have spanned tragedy – the 1958 Munich Air Disaster – and triumph – three European Cup wins – and have provided no shortage of memorable stories. Despite United being only the eighth most successful club in the competition's history, the United name is irrevocably linked to the European Cup. 'The Pride of All Europe' explores the reasons why. With interviews from fans, personal anecdotes and excerpts from football archives, this book looks back at the history of the club and their greatest – and worst – moments. 'The Pride of All Europe' celebrates Manchester United's triumphs in European football, concentrating on ten key stories from the twenty-five seasons and six decades the club has participated in the Europe's premier competition, interspersed with brief, first-hand fan accounts of those fabled United "Euroaways." In this detailed study, Andrew Kirby dissects the rich history of Manchester United in Europe. This is the one book that every true Manchester United fan ought to read.
