The Coppolas: A Family Business (Modern Filmmakers) Vincent LoBrutto, Harriet Morrison

The Coppolas: A Family Business examines the lives, films, and relationship of two exemplary filmmakers, Francis Ford Coppola and his daughter Sofia. It looks at their commonalities and differences, as artists and people, and at the way those qualities are reflected in their work.

Much of the book is devoted to Francis and his outstanding achievements—and equally notable failures—as a screenwriter, director, producer, and presenter of landmark works of cinema. The narrative goes beyond the heyday of his involvement with Hollywood to analyze his more recent projects and the choices that led him to create small, independent films. In Sofia's case, the story is one of women's growing independence in the arts, revealing how Sofia developed her craft to become a cinematic force in her own right. In addition to its insightful commentary on their contributions to cinema past and present, the volume provides intriguing hints at what fans might anticipate in the future as both Coppolas continue to expand their artistry.
