Excerpt from History of the Jews in Russia and Poland, From the Earliest Times Until the Present Day

It was originally proposed to give the history of Russian Jewry after 1825 - the year with which the first volume concludes - in a single volume. This, however, would have resulted in producing a volume of unwieldy dimensions, entirely out of proportion to the one preceding it. It has, therefore, become imperative to divide Dubnow's work into three, instead of into two, volumes. The second volume, which is herewith offered to the public, treats of the history of Russian Jewry from the death of Alexander I. (1825) until the death of Alexander III. (1894). The third and concluding volume will deal with the reign of Nicholas II., the last of the Romanovs, and will also contain the bibliographical apparatus, the maps, the index, and other supplementary material. This division will undoubtedly recommend itself to the reader. The next volume is partly in type, and will follow as soon as circumstances permit.

Of the three reigns described in the present volume, that of Alexander III., though by far the briefest, is treated at considerably greater length than the others. The reason for it is not far to seek. The events which occurred during the fourteen years of his reign laid their indelible impress upon Russian Jewry, and they have had a determining influence upon the growth and development of American Israel. The account of Alexander III.'s reign is introduced in the Russian original by a general characterization of the anti-Jewish policies of Russian Tzardom.
