Management Information Systems R. Kelly Rainer, Hugh J. Watson, Brad Prince

From best-selling author Kelly Rainer, and coauthors, Brad Prince and Hugh Watson, the Second Edition of Management Information Systems promotes active learning like no other text on the market. Each chapter is comprised of tightly coupled concepts and section-level student activities that transport your students from passively learning about IS to doing IS in a realistic context. The integration of Microsoft Excel and Access exercises at the end of every chapter enables students to practice their Microsoft application skills in the context of the chapter material. Through WileyPLUS, each small section of concept and the accompanying activities can be assigned separately, which provides a uniquely flexible offering for instructors.

WileyPLUS sold separately from text.
