Foreign Direct Liability and Beyond: Exploring the Role of Tort Law in Promoting International Corporate Social Responsibility and Accountability Liesbeth Enneking

Western societies are witnessing an emerging socio-legal trend towards transnational civil litigation against multinational corporations in relation to harm caused toward people and the planet. These 'foreign direct liability cases' arise against the background of a global governance gap resulting from the rapid globalization of economic actors and activities with no global institutions to manage their worldwide impacts. The increasing reliance on private law mechanisms to realize corporate accountability for violations of human rights, health and safety, and environmental and labor norms perpetrated around the globe raises interesting and complex issues. This study sets out the legal and socio-political framework of this particular type of transnational civil litigation. The book traces the role that Western systems of tort law may play in promoting international corporate social responsibility/accountability. It focuses on the feasibility of bringing foreign direct liability claims before domestic courts in the EU Member States - the Netherlands in particular - and sets out a number of recommendations for European policymakers.

Michael Hale:

As we know that book is important thing to add our understanding for everything. By a publication we can know everything you want. A book is a set of written, printed, illustrated or even blank sheet. Every year was exactly added. This reserve Foreign Direct Liability and Beyond: Exploring the Role of Tort Law in Promoting International Corporate Social Responsibility and Accountability was filled concerning science. Spend your free time to add your knowledge about your technology competence. Some people has distinct feel when they reading any book. If you know how big benefit from a book, you can really feel enjoy to read a publication. In the modern era like currently, many ways to get book you wanted.

Doug Campbell:

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some guide, they are complained. Just minor students that has reading's soul or real their interest. They just do what the professor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading is not important, boring and can't see

colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Foreign Direct Liability and Beyond: Exploring the Role of Tort Law in Promoting International Corporate Social Responsibility and Accountability can make you truly feel more interested to read.
