Comparative Perspectives on Afro-Latin America

Comparative Perspectives on Afro-Latin America

“This volume is long overdue, and at the cutting edge of scholarship. It is sure to become a standard reference.”—Jerome Branche, author of *Race, Colonialism, and Social Transformation in Latin American and the Caribbean*

“A powerful and original collection of essays. Provides a much needed overview of the development of the Afro-Latin American rights movement.”—Nicola Foote, coeditor of *Military Struggle and Identity Formation in Latin America*

As academic interest in Afro-Latin America increases, so, too, does the need for a fresh text detailing the cultural and political issues facing black populations throughout the region. With existing literature focused on populations in individual countries, editors Kwame Dixon and John Burdick have encouraged their contributors to move beyond borders in this wide-ranging study.

Comparative Perspectives on Afro-Latin America offers a new, dynamic discussion of the experience of blackness and cultural difference, black political mobilization, and state responses to Afro-Latin activism throughout Latin America. Its thematic organization and holistic approach set it apart as the most comprehensive and up-to-date survey of these populations and the issues they face currently available.

The book was published by the very famous author. Tom makes some research prior to write this book. That book very easy to read you can find the point easily after reading this book.

Ann Conley:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just small students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Comparative Perspectives on Afro-Latin America can make you truly feel more interested to read.
