In Search of Stones: A Pilgrimage of Faith, Reason, & Discovery M. Scott Peck

Peck's "The Road Less Traveled" has become both a part of the popular culture & an inspirational guidebook for a generation. On the surface, this is the story of a 3-week trip through Wales, England, & Scotland that Peck took with his wife Lily -- looking for the ancient megalithic stones. But the search for stones is a search for meaning & mystery, & ultimately an unveiling of the pilgrimage of life itself. Each day of the trip he discusses a related realm of human experience -- parenthood, holiness, romance, art, etc. -- & we travel with him on an adventure of the spirit, striving to understand the journey of life in all of its complexities & secrets. Illustrated by Peck's son, Christopher.
