SCOUT REPORT

The Rise of the Black Wolf

Ozo Trece is born into a baffling situation, due to the machinations of unseen beings before birth. These discarnate beings direct his life to their own purposes, and he struggles to learn their ways so that he may understand their vulnerabilities and break free...and return...*Home*. They break up his family and make him an outcast from the Social Fabric. Rather than crushing him, he becomes focused.

What happens when we have no social consensus and merely perceive on perception's own terms? What will our narrative be? "*Scout Report*," combines cutting-edge physics with ancient Mesoamerican cosmovisions to create a startling worldview. Can Ozo solve the enigma? *Thankfully, it is merely fiction...*
